1. Related legislation and guidance

This policy is implemented in accordance with our compliance with DfE statutory guidance [KCSiE 2025](#), which requires that individual schools and colleges have an effective Child Protection Policy. The principles established in the Children Acts 1989 and 2004 and related guidance, underpin the development of this Policy. This includes but is not limited to:

- Working Together to Safeguard Children (December 2023) HM Government
- Effective support for children, young people, and families in the East Riding of Yorkshire (August 2020)
- [Keeping Children Safe in Education \(DfE 2025\)](#)
- Sexual violence and sexual harassment between children in schools and colleges (DfE September 2021)
- Use of reasonable force (DfE July 13).
- Searching, screening & confiscation at school (DfE July 2022).
- Guidance for safer working practice for those working with children and young people in education settings (Feb 2022 Safer Recruitment Consortium).
- Expectations and Code of Conduct (Trust policy September 2025)
- Information sharing Advice for practitioners providing safeguarding services to children, young people, parents and carers (DfE May 2024)
- Guide to General Data Protection Regulation (ICO 2018)
- Data Protection in Schools (DfE, April 2024)
- Whistle Blowing (Child Protection / Safeguarding) Guidance (Trust Policy Feb 2023).
- Ofsted Education inspection framework (September, 2025) – Gov.uk
- Ofsted Education safeguarding in early years, education and skills (September, 2025) – Gov.uk
- Ofsted School inspection handbook (September, 2025) – Gov.uk
- Prevent duty guidance: for England and Wales, (March 2024) – Gov.uk
- Multi-agency statutory guidance on female genital mutilation (HM Govt July 2020)
- What to do if you're worried a child is being abused (HM Govt 2015)
- Working together to improve school attendance (DfE, Feb 2024)
- Support for pupils where mental health issue is affecting attendance. (DfE Feb 2023)
- Summary table of responsibilities for school attendance guidance for maintained schools, academies, independent school, and local authorities (DfE Sept 2022)
- Suspension and Permanent Exclusion from maintained schools, academies and pupil referral units in English, including pupil movement: Guidance for maintained schools, academies and pupil referral units in England (DfE, May 2023)
- Behaviour in Schools: Guidance, advice for Headteachers and school staff (DfE, Feb 2024)
- LA Education Visit Guidance and Procedures or equivalent
- The designated teacher for Looked-After and previously Looked-After Children Feb 2018

- Promoting the education of children with a social worker and children in kinship care arrangements: virtual school head role extension (DfE, March 2024)
- Disqualification under the Childcare Act 2006 Statutory guidance for Local Authorities, maintained schools, academies, and free schools (DfE Aug 2018)
- Keeping children safe during community activities, afterschool clubs and tuition: non statutory guidance for providers running out of school settings (DfE, April 2022)
- Meeting digital and technology standards in school and colleges (DfE March 2023)
- Guidance for maintained schools and academies in England on provision for transgender pupils (Nov 2022)
- Gender questioning children Non-Stat guidance for schools and colleges in England (draft for consultation DfE 2023)
- Sharing Nudes and semi nudes: advice for education settings working with children and young people (DfSIT, March 2024)
- ER Use of Unregulated Alternative Provision Guidance May 2024

Other Safeguarding related school policies

The school has a duty to ensure that safeguarding permeates all activities and functions. This policy therefore complements and supports a range of other policies, for example:

- Education Alliance Child Protection Policy
- Attendance Policy
- Behaviour for Learning
- Anti-Bullying / harassment policies
- Complaints policy
- Safe Handling policy
- Special Educational Needs policy
- Educational Visits policy
- Health and Safety policy
- Sex and Relationships Education policy
- Online Safety policy/Filtering and Monitoring
- Allegation & Whistle Blowing guidance
- Safe & Appropriate Working / Code of Conduct
- Safer Recruitment
- Site Security
- Data Protection

The above list is not exhaustive but when undertaking policy development the school will consider Child Protection and other safeguarding matters within each appropriate policy or guideline.

2.1 Introduction

Definition of Safeguarding

KCSiE 2025 defines safeguarding and promoting the welfare of children as:

- Providing help and support to meet the needs of children as soon as problems emerge

- Protecting children from maltreatment, whether that is within or outside the home, including online.
- Preventing the impairment of children's mental and physical health or development.
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care.
- Taking action to enable all children to have the best outcomes.

2.2 Core Principles

- Our school community fully recognises our responsibility to safeguard and promote the welfare of all of our pupils.
- We believe that not only is this a moral and statutory responsibility, but we know that children who feel safe and secure at school are more likely to achieve their full potential.
- We understand that the standards for positive and appropriate behaviour and mutual respect are set by example by our staff.
- Vulnerable children and those with additional needs are supported.
- We accept and carry out our responsibility to act on any suspicion, disclosure, or belief that a child is suffering or at risk of suffering harm. This includes acknowledging that sexual violence and sexual harassment is happening within our school and within our community. We commit to supporting those who are at risk or may have been a victim and having a zero tolerance to any type of sexual violence or harassment. Zero tolerance means this type of behaviour will not be ignored and should the school become aware of sexual violence or sexual harassment this will be taken seriously and the schools behaviour policy will be followed.

3.1 The policy

There are four main elements to our Child & Protection Safeguarding Policy:

- **Prevention** (e.g. positive school atmosphere, pastoral support to pupils, the SMSC & PSHE elements in the formal and informal curriculum, safer recruitment procedures and safe and appropriate working practice by staff. Wider safeguarding policies and procedures in place to establish and maintain a safe and secure school environment).
- **Protection** (by following agreed procedures, ensuring staff are trained and supported to identify and respond appropriately, and sensitively to Child Protection and other safeguarding concerns and that there are clear systems of internal information sharing and record keeping). To ensure our pupils know what unacceptable behaviour is, in relation to sexual violence and sexual harassment and feel confident to report and that action will be taken, and they will be supported.
- **Support** (to all pupils and school staff and to children who may have been abused, neglected or exploited or are in other ways vulnerable).
- **Collaboration** with children and young people, parents and other agencies to promote safeguarding and wellbeing for all of our children and young people.

This policy applies to all staff, governors and visitors to the school. We recognise that Child Protection and Safeguarding is the responsibility of all staff within our school. We will ensure that all parents and other working partners are made aware of our child protection policy and procedures. All staff new to the school will be made aware of the school safeguarding procedures as part of their initial induction process.

Where safeguarding is concerned, staff will maintain an attitude of 'it could happen here' and when concerned about the welfare of a child, staff will always act in the best interests of the child. In the event of any

safeguarding concern being identified about any child or adult, staff will act immediately, sharing concerns in line with agreed procedures.

3.2 School commitment

The school adopts an open and accepting attitude towards children as part of its responsibility for pastoral care. Staff strive to ensure that children and parents will feel free to talk about any concerns and will see school as a safe place when there are other difficulties in their lives. Pupils' worries and fears will be taken seriously and children are encouraged to seek help from, or confide in, members of staff.

Our school will therefore:

- Establish and maintain an ethos where pupils feel secure and are encouraged to talk, and are listened to.
- Ensure that pupils know that there are adults in the school whom they can approach if they are worried or are in difficulty.
- Include in the curriculum, teaching and learning opportunities which equip children with the skills and knowledge they need to stay safe from abuse and develop resilience and an awareness of possible grooming or influence by violent extremist ideas and the dangers and consequences in engaging in inappropriate behaviour online.
- Ensure that all forms of bullying and harassment including allegations of child on child abuse including sexual violence and sexual harassment, transphobia, hate incidents and online bullying & abusive behaviour are dealt with at the appropriate level and in line with national and local guidance and procedures and not dismissed as immature behaviour or banter.
- Educate all pupils and staff in relation to sexual violence and sexual harassment and ensure everyone knows this is not okay and will not be tolerated in our school or our community.
- Ensure every effort is made to establish effective working relationships with parents and colleagues from other agencies.
- Ensure that staff have an understanding of when to make referrals to the DSL when there are indicators or concerns of possible Neglect, Sexual, Physical or Emotional harm and indicators of possible Child Sexual & Criminal Exploitation, Female Genital Mutilation, Radicalisation, School Attendance concerns, Peer on Peer Sexual Violence and Sexual Harassment and Forced Marriage and that they have access to additional advice and support.
- Operate safe recruitment procedures and make sure that all appropriate checks are carried out on new staff and volunteers who will work with children.
- Ensure that staff are aware of how and when to act on concerns that they have and work in a safe and appropriate manner at all times. They are aware that they are in a Position of Trust and what the implications are of that for their working practice and out of school conduct and that their conduct towards pupils must remain beyond reasonable reproach.
- Fulfil the 'Duty of Care' towards staff by providing appropriate safeguarding guidance, induction and continuing training and support as required by KCSiE 2025.

3.3 Multi Agency Safeguarding Arrangements

As a 'Relevant Agency' (Working Together to Safeguard Children, 2023, page 27) the school recognises its statutory duty to co-operate with and support the East Riding Safeguarding Children's Partnership arrangements.

The school recognises the pivotal safeguarding role it plays and understands and supports the ERSCP expectation of active engagement with the Partnership, appropriate sharing of information and contributing to inter-agency meetings and plans.

The school also recognises that inter-agency working is essential if children are to receive effective targeted support as early as possible. In this way we hope to ensure that barriers to learning are minimised for vulnerable children and social inclusion is maximised.

We are therefore committed to initiating where appropriate and supporting other professional initiated inter-agency work such as:

- Early Help Plans & Team Around the Family meetings (TAF)
- CP Case Conferences, core groups and other multi-agency meetings
- Joint working with EWS
- Health & CAMHS intervention & assessment.

We also work in partnership with Humberside Police as part of the Domestic Abuse alert system Operation Encompass and work with SiET to support Humberside police Pitstop meetings.

School will support ERSCP arrangements for the auditing and assurance of our Child Protection & Safeguarding arrangements and also access for relevant professionals (e.g. Social Worker, Educational Psychologist etc) will be facilitated and where appropriate, from a placing local authority.

Where there is a need for detention, treatment and questioning by police officers, the Headteacher and DSL are aware of the requirement for children to have an Appropriate Adult (PACE Code C 2019) and will respond to concerns in line with the school 'Searching, Screening and Confiscation' policy and/or behaviour policy, which is informed by the DfE 'Searching, screening and confiscation at school' guidance.

3.4. Confidentiality

DfE guidance '*Information sharing advice for safeguarding practitioners*' updated May 2024 - [Information sharing guidance](#) - outlines the importance of sharing information about children, young people, and their families in order to safeguard children. It provides clarity on when and how information can be shared legally and professionally to achieve improved outcomes. It also includes the "Seven Golden Rules for Sharing Information," which provide a framework to support information sharing where practitioners have reason to believe failure to share information may result in the child being at risk of harm. It is non-statutory and has been produced to support practitioners in the decisions they take to share information, which reduces the risk of harm to children and young people and promotes their well-being.

We have an appropriately trained Data Protection Officer (DPO) as required by the UK General Data Protection Regulations (UK GDPR) to ensure compliance with all matters relating to confidentiality and information sharing requirements.

4. Roles and Responsibilities

4.1 All Staff

It is recognised that staff play a key role in safeguarding as they are in a position to identify concerns early, provide help for children, promote children's welfare and prevent concerns from escalating. All staff in school understand that they have a professional, moral, and legal responsibility to safeguard and promote the welfare of children.

This includes a responsibility to be alert to the various child protection / safeguarding issues outlined in KCSiE, 2025 and associated indicators of, for example, abuse, neglect, exploitation, violent extremist radicalisation, sexual violence, and sexual harassment and to record and report concerns immediately to staff identified with child protection responsibilities within the school.

Staff are aware that children may not feel ready or know how to tell someone that they are being abused, exploited, or neglected, and/or they may not recognise their experiences as being abusive or harmful. This should not prevent staff from having professional curiosity and speaking to a DSL if they have any concerns about a child.

In line with existing and relevant policies, for example, staff Code of Conduct and student Behaviour Policy, staff will determine how best to build trusted relationships with children, young people and parents/carers which facilitate appropriate professional communication.

Staff should understand the importance of compliance with the DfE Data Protection guidance for schools, and supporting data protection policies and processes.

Staff know how to report safeguarding and technical concerns, in relation to Online Safety and Filtering and Monitoring, such as, if:

- they witness or suspect unsuitable material has been accessed
- they are able to access unsuitable material
- they are teaching topics that could create unusual activity on the filtering logs
- there is failure in the software or abuse of the system
- there are perceived unreasonable restrictions that affect teaching and learning or administrative tasks
- they notice abbreviations or misspellings that allow access to restricted material

4.2 DSL/ Deputy DSL

A full outline of the role and responsibilities of the DSL can be found in KCSiE, 2025, Annex C. In line with this, the DSL is a member of the Senior Leadership Team and has overarching responsibility for ongoing oversight of safeguarding and child protection systems (including online safety). The DSL or DDSL (or another appropriately trained senior member of staff) will be available on site when the school is open to coordinate and advise staff or respond to urgent Child Protection matters.

Whilst the activities of the DSL may be delegated (e.g. to the DDSL and within the pastoral structures), the ultimate lead responsibility for safeguarding and child protection remains with the DSL and this responsibility will not be delegated.

The DSL will ensure that individual members of staff are appropriately aware of the actions taken in response to concerns that they have referred to the DSL. If the member of staff feels that the actions taken are inappropriate, ineffective or that the situation of concern is continuing they should raise concerns with the DSL or senior member of staff and press for reconsideration or discussion. If there is still a concern by the member of staff or they feel the situation is urgent, they can refer to Children's Social Care or the LADO.

In order to develop the requisite knowledge and skills required to carry out their role, the DSL will undergo appropriate and specific training, the same requirement applies to the DDSL. Training to develop and maintain skills and knowledge will be regularly updated through a variety of methods at regular intervals and at least annually.

4.3 Governance and Leadership

The Governing Body fully recognises its responsibilities regarding safeguarding and child protection and promoting the welfare of children as outlined in KCSiE, 2025, especially Part Two. The Governing Body has the strategic responsibility to monitor and ensure that all child protection arrangements, procedures, policies, and training are in place and effective. Safeguarding will be an agenda item on every full Governing Body meeting, and any relevant reports on the operation of safeguarding / child protection across the school are provided and considered.

The Governing Body will allocate a specific Governor to have oversight of and support Safeguarding (DSG), Filtering and Monitoring and where appropriate the commissioning and use of AP.

Management and leadership by the Headteacher and Governors ensure that the time, resources, and training are adequate to ensure that the DSL responsibilities, as outlined in KCSiE 2025, are carried out and that all strategic child protection and safeguarding arrangements are in place and effective.

The Governing Body will ensure that safeguarding and child protection are at the forefront and underpin all relevant aspects of process and policy development, so that all systems, processes, and policies operate with the best interests of the child at their heart and will facilitate and maintain a whole school approach to safeguarding.

4.4 Children and Young People

Through the commitment to, and maintenance of, a robust and effective safeguarding culture and procedures, every effort will be made to ensure that every pupil/student will:

- feel safe, be listened to, and have their wishes and feelings considered
- confidently report abuse, knowing their concerns will be treated seriously, and knowing they can safely express their views and give feedback
- contribute to the development of safeguarding policies and practice
- receive help from a trusted adult
- learn how to keep themselves safe, including online and out of school.

4.5 Parents and Carers

We believe that our safeguarding work will be more effective if it is carried out in partnership with parents and carers and that preventative and supportive strategies are most effective. To this end we will offer support and where appropriate help facilitate access to universal support services and in school pastoral support structures. This will be underpinned by open and honest communication and transparency in terms of purpose, always working in the best interests of the child. Where appropriate we will, in agreement with parents / carers, seek support from Family Help School and Community Team to progress preventative / early help assistance (See Section 8).

However, we ensure that parents are aware that there may be certain circumstances and rare occasions when we need to progress concerns in relation to child protection and seek advice, without parental / carer consent or knowledge. This will be undertaken in line with local procedures outlined ERSCP guidance.

5 Child Protection Procedures

5.1 Recognising Concerns

School staff are particularly well placed to observe and be alert to indicators of abuse and neglect and the various forms of exploitation and risk, any changes in behaviour or poor or unexplained and/or persistent absences from education. Risk, abuse, and exploitation can occur in and out of the education setting, in person and online.

Working Together to Safeguard Children 2023 and Keeping Children Safe in Education 2025, outline the definitions and indicators of abuse, exploitation and neglect and all staff are made aware of this. The DSL and DSG ensure that all staff have received and been given the time to read, Part One or Annex A of Keeping Children Safe in Education 2025 and have access to the full guidance and 'Further Information' contained in Annex B.

Further advice and guidance outlining local protocols is contained in the ERSCP document – *‘Effective support for children, young people and families in the East Riding of Yorkshire.’*

When concerned about the welfare of a child, staff will always act in the best interests of the pupil and staff will maintain an attitude of ‘it could happen here’ where safeguarding is concerned.

A child centred approach will guide support and a child-specific issues will always be considered as it is recognised that some children have additional or complex needs and may require access to intensive or specialist services to support them. The DSL will liaise with appropriate colleagues (e.g., SENDCo, Designated Teacher).

Safeguarding incidents and/or concerns can be associated with factors, exploitation and risks outside the family, home, and education setting. Extra-familial harms take a variety of different forms and children can be vulnerable to multiple harms including (but not limited to) sexual exploitation, criminal exploitation, sexual abuse, serious youth violence and county lines.

Indicators of child abuse, exploitation and neglect can vary from child to child and concerns may arise in many different contexts, from a variety of sources and can vary significantly in terms of nature and seriousness. Children develop and mature at different rates, as such it is necessary to locate concerns and behaviour’s on a developmental continuum – i.e., what appears to be worrying behaviour for a younger child might be normal for an older child.

Technology can be a significant component in many safeguarding and wellbeing issues; children are at risk of abuse online from people they know (including other children) and from people they do not know; in many cases, abuse will take place concurrently via online channels and in daily life.

5.2 Responding to Concerns

All staff understand that they have a responsibility to respond to information and concerns shared by pupils or other concerns and pass these concerns on to the DSL immediately.

Staff do not need ‘proof’ of abuse, exploitation or neglect and should not ‘investigate’ concerns.

This information must be shared in writing and recorded on CPOMS.

Concerns relating to marks or injuries must also be recorded on a ‘Body Map’. If using a body map, injuries or marks must be described, in addition to locating on the body map. The body map can be obtained from the school safeguarding team.

Photographs must not be taken of any marks or injuries, unless specific advice from SaPH is given to this effect. Staff are briefed on procedures and regularly reminded to maintain an ‘It could happen here’ attitude and not to dismiss concerns or allegations as insignificant. The approach of staff will be informed by consideration of the following:

- information and concerns may provide a vital link to other information
- concerns must be shared with the DSL immediately or as soon as possible – this is prioritised
- investigation or seeking proof should not take place as this is the role of the DSL / DDSL
- not promising secrecy to children or adults making allegations or sharing concerns but reassure them that information will be shared appropriately and confidentially
- to avoid closed questions that lead a child into a particular answer but if they need to clarify aspects of an allegation or concerns shared by or about a child use only ‘TED’ type questions (i.e., Tell me – Explain - Describe)

The DSL will lead on the consideration and decision making in terms of the response required. This will include consideration of the most appropriate response, depending upon the level of concern:

- Contacting parent / carer to gain consent and more information – if feasible and safe
- Considering if school / universal service can support the situation
- Contacting the allocated worker from the Family Help School and Community Team
- Contacting SIET
- Using the SaPH 'Immediate Concerns' line
- Submitting a Request for Service to SaPH or Early Help (with consent)
- Contacting SaPH and asking to speak directly to an Advanced Social Worker

Staff are made aware that it is unacceptable legally, professionally and morally for any member of staff to keep such concerns to themselves, including concerns about the conduct of another member of staff and that any such failures will be regarded as potential disciplinary matters.

Each case will be considered by the DSL who will decide what information to share with which staff and how to progress communication and information sharing with parent / carer and partner agencies.

The DSL will acknowledge receipt of any concerns and provide an update on progress.

5.3 Children Suffering or at Risk of Significant Harm – immediate concerns

Immediate consideration will be given to contacting the Police using 999 if it is believed it is an emergency situation and a child is at immediate risk of or experiencing significant harm.

Prior to contacting SaPH, efforts will be made to contact parent / carers to share that school will need to discuss the matter with the SAPH. Every effort will be made to communicate openly and honestly with parents and gain consent to share information.

However, this may not be the case if it is thought that:

- Informing parents/ carers might place the child at continued or increased risk.
and/or
- There is a possibility that a crime may have been committed.
and/or

In cases of suspected fabricated illness, radicalisation, FGM or Forced marriage and /or

- Informing parents/ carers might place staff at risk.
-

When a delay in obtaining consent may put a child at risk, contact to SaPH will be made before discussing the matter with parents or carers and advice sought This will be done by using the SaPH 'Immediate Concerns' line

In any case this will be done as soon as possible after the information or concern emerges to ensure that the SaPH and in some cases the Police are able to respond within the school day.

The DSL will oversee the completion of a Request for Service Form. This will ideally be immediately following identification of concerns and at the latest within 24 hours to support informed decision making.

If the child is already 'open' to CSC an initial contact will be made with the Social Worker or if unavailable the 'Duty' team member and if necessary, the CSC Team Manager.

In all cases, records of discussions with the SaPH and other professionals will be recorded in the child's file, alongside decision making.

5.4 Children's Emergency Duty Team (CEDT)

The principal responsibility of the CEDT is to respond to out-of-hours contacts about child/ren where intervention from ERYC is required to safeguard a vulnerable child/ren and where it would not be safe, appropriate, or lawful to delay that intervention to the next working day.

If a child or children are deemed to have or be at risk of significant harm and it is outside office hours, the school will contact CEDT to discuss their concerns.

On contacting CEDT, the school are aware that the call will be taken by a Lifeline operator and not a social worker. Lifeline will then pass the information to an on-call CEDT social worker.

The school will ensure they are available and contactable to receive a call back from the CEDT social worker who may need to gather further information or confirm the outcome of the contact.

All the above will be fully recorded on the child's file and information shared on an 'as required' basis.

School will follow up a contact with CEDT by submitting a Request for Service as soon as possible / the next working day.

5.5 Case Conferences, Core Group, TAF & Strategy Meetings

We recognise the pivotal role we have to play in multi-agency safeguarding arrangements and is committed to its responsibility to work within the local ERSCP multi-agency safeguarding arrangements as identified within Working Together to Safeguard Children, 2023.

The SLT, Governing Body and DSL will work to establish strong and collaborative local relationships with professionals in other agencies and will work positively with partner agencies to promote the safety and well-being of pupils. The DSL & Headteacher will ensure that the appropriate member(s) of staff attend support and attend all relevant meetings, including Initial & Review Child Protection Case Conferences and subsequent Core Groups and that written reports are prepared for each Case Conference.

Reports will be compiled using the 'Signs of Safety' report template after discussion with the relevant staff involved with the child.

Reports will be discussed, if possible, with parents before forwarding to the Case Conference Chair 3 days before an Initial and 5 days before a Review Conference.

Where meetings occur outside of school term times, we will attempt to ensure representation at these meetings and, where possible and practical, host such meetings.

Feedback following conferences & meetings will be given to school staff under the 'need to know' principle on a case-by-case basis.

5.6 Children's Concerns

The school recognises that a child centred approach is an essential part of effective safeguarding practice and that listening to children and young people is central to safeguarding them against abuse, exploitation and neglect. We will seek to develop resilience in the children and ensure that they are aware that they can seek help and support, how this can be accessed and that their concerns will be treated seriously.

Children will be made aware of the opportunities available to them to seek advice and support within the formal and informal curriculum.

Children and young people are made aware that the school's approach to any incident of child-on-child abuse (including sexual violence and sexual harassment) is confidential and they understand that their concerns will be treated seriously.

5.7 Feedback and Escalating Concerns about Individual Cases

When 'Requests for Service' are made, SaPH or EPHH will inform the school of the outcome and decisions made for the child. If the school does not receive written feedback on the decision reached by SaPH or EPHH within 24 (or sooner in urgent cases) or 48 hours respectively the school will contact the appropriate Hub to seek advice.

If the DSL disagrees with the advice or action made by SaPH, the EPHH or the CST and/or the concerns are escalating or that there are delays for the child, the DSL will discuss this with the appropriate Manager and if the concerns persist follow the escalation policy - [ERSCP Escalation Procedures](#)

Records of all such discussions and responses will be retained in the pupil's chronology.

The DSL will ensure that a record of all information is collected, and any subsequent decisions and action taken, including details of other persons involved in the decision-making. This will include recording reasons not to refer the concerns to other agencies or not to seek advice if that was the course of action.

The DSL will update the school referrer as soon as possible on a 'need to know' and 'case by case' basis. If the member of staff feels that the actions taken are inappropriate, ineffective or that the concern is continuing, they should raise concerns with the DSL or Senior Member of staff and press for reconsideration or discussion. If there is still a concern by the member of staff or they feel the situation is urgent s/he can refer to SaPH, the allocated Social Worker or the LADO themselves.

5.8 Information sharing

DfE guidance '*Information sharing advice for safeguarding practitioners*' updated May 2024 - [Information sharing guidance](#) - outlines the importance of sharing information about children, young people, and their families in order to safeguard children. It provides clarity on when and how information can be shared legally and professionally to achieve improved outcomes. It also includes the "Seven Golden Rules for Sharing Information," which provide a framework to support information sharing where practitioners have reason to believe failure to share information may result in the child being at risk of harm. It is non-statutory and has been produced to support practitioners in the decisions they take to share information, which reduces the risk of harm to children and young people and promotes their well-being.

The school has an appropriately trained Data Protection Officer (DPO) as required by the UK General Data Protection Regulations (UK GDPR) to ensure compliance with all matters relating to confidentiality and information sharing requirements.

6.0 Record Keeping and Transferring/Retaining Records

The DSL is responsible for maintaining records and for deciding at what point these records should be shared with, or transferred to, other agencies or schools, in consultation with the Headteacher or appropriate Senior Manager.

Child protection records will be kept confidential and stored securely, will be kept for individual children, and will be maintained separately from all other school records relating to the child.

Separate child or if appropriate, family CP records are stored in CPOMS (Child Protection and Online Management System). Access to safeguarding / child protection files is restricted to members of the child protection and safeguarding team.

The information in these files may be shared with other agencies as appropriate and in some cases used as evidence by other agencies in line with current information sharing guidance and GDPR (2018).

Factual, verified information is recorded as such and a distinction clearly documented when judgement and opinion is included. Information 'reported' by outside individuals is indicated as such.

The DSL will decide what information needs to be shared within the school with whom and when on a case-by-case basis. Confidentiality is essential, but staff working with children can only provide effective support

and monitor concerns if they are made aware that there are concerns or at least that individual children are being monitored.

Child Protection records are reviewed on a minimum of each term to check whether any action, advice or updating is needed.

All child protection records will be transferred in accordance with data protection legislation to the child's subsequent School, under confidential and separate cover as soon as possible; within 5 days for an in-year transfer or within the first 5 days of the start of a new term.

Child protection files will be transferred securely to the new DSL, separately to the child's main file, and a confirmation of receipt will be obtained.

Records are shared through CPOMS where possible, but where needed paper records are sent or handed to the receiving school separately from other records, marked 'Private & Confidential for the attention of the DSL'. If by post, records will be sealed in an envelope with the above mark and sealed in an addressed envelope before recorded delivery. Electronic transfer via a commercial system will be overseen by the DSL to ensure proper protocols are observed. Outside such a system, documents should be password protected, sent separately, and preferably via secure email.

Where the School receives child protection files from another setting, the DSL will ensure key staff, such as the SENCO with oversight for SEND, will be made aware of relevant information as required.

Where a pupil joins the school and no child protection files are received, the DSL will proactively seek to confirm from the previous setting whether any child protection exists for the pupil and if so, if the files have been sent. School will proactively support any transition of pupils into the setting by contacting the previous school as appropriate. The current early years, education or skills setting is regarded as the 'Custodian of the records. Records should be retained by the setting they attended at 18 up to the 25th birthday of the pupil and then destroyed at the earliest convenience.

7.0 Complaints

All members of the school community should feel able to raise or report any concerns about children's safety or potential failures in the school safeguarding procedures. The complaints procedure is available to parents, pupils/students and members of staff and visitors who wish to report concerns or complaints and can be found on the school's website. All concerns reported to the school are taken seriously and will be considered and responded to in-line with the relevant and appropriate process.

Anything that constitutes an allegation against a member of staff or volunteer or is identified as a low-level concern, will be dealt with in-line with section 17 of this policy.

Staff are aware of the need to report concerns promptly and that concerns will be taken seriously and investigated, and confidentiality respected as far as possible.

Concerns should be reported to the Headteacher/other member of staff on the SLT, and if concerns are about the Headteacher, report to the Chair of the Governors.

The NSPCC whistleblowing advice line is available here for staff who do not feel able to raise concerns regarding child protection failures internally. Staff can call: 0800 028 0285 from 8am to 8pm, Monday to Friday or via email help@nspcc.org.uk

8.0 Early Help – *current arrangements for Early Help are still under review in the East Riding*

The school fully supports the continued emphasis within KCSiE, 2025 upon Early Help and prevention support. Early Help means providing support as soon as a problem emerges at any point in a child's life, for children of all ages.

Local ERSCP procedures will be followed, if it is felt that a child or family may require additional support that cannot be provided by the universal services available in or to the school. In such cases consent from parent/

carers will be sought for a contact to be made to the Early Help and Prevention Hub in whose area the child or family live.

If after discussion with parents/carers and with their consent it is thought that additional support may be appropriate, the school will submit a 'Request for Service' form to the Early Help and Prevention Hub.

School will hear back from the Early Help and Prevention Hub (within 48 hours - Monday to Friday) as to their decision.

If a service is to be provided, the school will become a vital member of a TAF meeting and professionals will work together with the family to complete an 'Early Help Assessment'. The school will follow the local guidance in relation to completing Early Help Assessments:

<https://www.erscp.co.uk/practitioners-and-professionals/early-help-assessment-guidance/>

If the DSL believes that the child may be a 'Child in Need' or a child in need of protection, then the DSL will consider if a consultation with SaPH is required to discuss their concerns.

9.1 Specific Safeguarding Concerns

Part One and Annex B of [KCSiE 2025](#), provide further information on and the types of abuse and a range of specific safeguarding issues. Where staff are unsure how to respond to specific safeguarding issues, they should follow the processes as identified in Section 7 of this policy and speak with the DSL or a deputy. All staff are made aware of the possible indicators of abuse, exploitation and neglect and how to respond to disclosures and other concerns, following the identified procedures.

9.2 Physical, Emotional and Sexual Abuse and Neglect

When assessing whether a child may be suffering actual or potential harm, the categories of abuse often overlap (see Appendix H for further information):

- Physical Abuse
- Emotional Abuse
- Sexual Abuse
- Neglect
- Exploitation

The DSL and Safeguarding Governor ensure that all staff have received and been given the time to read KCSiE 2025 Part One and have access to the full guidance on '*What to do if you are worried a child is being abused*' Mar 2015, which contain detailed information about forms of abuse and related issues.

All staff are aware of the possible indicators of abuse and neglect and how to respond to disclosures and other concerns.

When assessing Neglect, consideration will be given to using the ERSCP Neglect and Environment Screening Tool document to structure analysis of concerns - [NEST](#). When there are potential concerns around Exploitation, consideration will be given to using the Risk Indicator Tool - [RIT Tool](#)

9.3 Child on Child Abuse

All staff are aware that children can abuse other children and that this can happen inside and outside of school and online. All staff are aware of the different types of child-on-child abuse and the indicators, which include, but are not limited to:

- Bullying, including cyberbullying, prejudice-based and discriminatory bullying.
- Abuse in intimate personal relationships between children.
- Physical abuse which can include hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm.
- Sexual violence and sexual harassment.

- Consensual and non-consensual sharing of nudes and semi-nude images and/or videos (also known as sexting or youth produced sexual imagery).
- Causing someone to engage in sexual activity without consent, such as forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party.
- Upskirting (which is a criminal offence), which typically involves taking a picture under a person's clothing without their permission, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm.
- Initiation/hazing type violence and rituals.

The school recognises that even if there are no reported cases of child-on-child abuse, such abuse is still likely to be taking place and it may be the case that it is just not being reported. As such, it is important that staff speak to the DSL (or DDSL) about any concerns regarding child-on-child abuse – observed or reported.

All staff are aware of their responsibility to model appropriate behaviour and the need to report any suspicions to the DSL who will act appropriately to ensure this is investigated, acted upon and any support required is delivered.

All staff will routinely challenge inappropriate behaviour as part of a school wide commitment to 'zero tolerance' of child-on-child abuse. In this way, any potential for such behaviours to become tolerated, normalised or dismissed will not be realised. In line with this, staff will encourage students to share any concerns, confident and safe in the knowledge that this will be taken seriously and concerns acted upon and support provided. This may involve utilising the school Behaviour Policy and sanctions where appropriate.

The school/college APEX curriculum supports pupils to identify this type of abuse, supports them to know this is not acceptable in anyway and supports children to seek support should they require it. This represents a key aspect of teaching safeguarding, maintaining an effective safeguarding culture and a school wide preventative approach to safeguarding.

Concerns about pupils/students' behaviour, including child-on-child abuse taking place offsite will be responded to as part of a partnership approach with pupils/students' and parents/carers. Offsite behaviour concerns will be recorded and responded to in line with existing appropriate policies, for example anti-bullying, acceptable use, behaviour and child protection policies. Note: section 89(5) of the Education and Inspections Act 2006 gives Headteachers a statutory power to discipline pupils for poor behaviour outside of the school premises, for example, when children are not under the lawful control or charge of a member of school staff, to such extent as is reasonable. This legislation is for schools only and is not applicable to independent schools. If there is a concern that the level of possible abuse may reach a threshold for Police and or Social Care involvement or that either the alleged victim or perpetrator should be offered support or intervention from the Locality Early Help Hub, appropriate contact and Requests for Service (if needed) will be made in-line with local safeguarding procedures.

In cases of possible Hate Crime, a separate referral will be made to the Humberside Police Hate Crime reporting system Humberside Police Online Reporting Hate Crime - [Humberside Police Online Reporting Hate Crime](#) - or via 101 or online at the ERYC web site - [ERYC web site](#)

This will not prevent or delay the school in following their own internal disciplinary procedures and/or making a request for service to SaPH if this is required.

If an incident has occurred during the school day or is occurring, that is clearly an urgent criminal matter, so 999 must be called.

Where any child involved in child-on-child abuse is an open case to partner agencies, the lead professional will be updated, and school will share information with and take advice from these agencies. This will include the status of any investigation, supervision, forward planning and details of any Police involvement. School will make every effort to ensure that during such investigations all children involved are treated fairly and consistently and that appropriate supervision and support is in place. Parents will be made aware of any specific arrangements that are put in place.

Every effort will be made to minimise disruption to the education of all involved.

Whilst it is important that the school does not assume guilt without clear evidence or direction from other agencies, it is important to ensure that the victim or alleged victim is fully protected and supported throughout the process.

In circumstances where a child may present a risk to peers or staff, appropriate Risk Management plans will be developed with appropriate advice from other agencies. These plans will be discussed with staff on a need-to-know basis and the child and parents/carers.

9.4 Child on Child Sexual Violence and Harassment

When responding to concerns relating to child-on-child sexual violence or harassment, the guidance outlined in Part five of KCSiE 2025 will be followed along with the SiET 'Guidance to school and education settings for managing incidents of Inappropriate Sexual Behaviour(s), Sexual Harassment and Violence'.

It is recognised that sexual violence / abuse and sexual harassment can happen anywhere, and all staff will maintain an attitude of 'it could happen here' and that sexual violence and sexual harassment can occur between two children of any age and sex.

Such behaviours can occur through a group of children sexually assaulting or sexually harassing a single child or group of children and can occur online and face-to-face (both physically and verbally). Sexual violence and sexual harassment is never acceptable.

A victim will never be given the impression that they are creating a problem by reporting sexual violence or sexual harassment, or ever be made to feel ashamed for making a report. All victims of sexual violence or sexual harassment will be reassured that they are being taken seriously, regardless of how long it has taken them to come forward, and that they will be supported and kept safe.

Abuse that occurs online or outside of the school will not be dismissed or downplayed and will be treated equally seriously and in-line with relevant policies/procedures, for example anti-bullying, behaviour, child protection and online safety.

With regard to the law, it will be explained that the law is in place to protect children and young people rather than criminalise them. This will be done in such a way to avoid creating alarm or distress.

Staff recognise that an initial allegation or sharing of a concern to a trusted adult may only be the first incident reported, rather than representative of a singular incident and that trauma can impact memory, so children may not be able to recall all details or timeline of abuse. All staff will be aware certain children may face additional barriers to telling someone, for example because of their vulnerability, disability, sex, ethnicity, and/or sexual orientation.

Any concerns should be shared immediately with the DSL (or DDSL) who is likely to have a complete safeguarding picture and will be the most appropriate person to advise on the initial response.

Reports will initially be managed internally by the DSL and where necessary advice sought and information shared with partner agencies (SaPH, Police, Early Help etc.).

In most instances, the DSL will engage with both the victim's and alleged perpetrator's parents/carers when there has been a report of sexual violence and / or harassment; but this will depend on a case-by-case basis. The exception to this is if there is a reason to believe informing a parent/carer will put a child at additional risk. Any information shared with parents/carers will be in line with information sharing expectations, school confidentiality policy, and any data protection requirements, and where they are involved, will be subject to discussion with other agencies (for example Children's Social Work Service and/or the police) to ensure a consistent approach is taken.

9.5 Contextual Safeguarding

All staff will be made aware of the need to consider that wider aspects of the child's life beyond the family situation may place their safety and welfare at risk.

Child Sexual Exploitation (CSE) and Child Criminal Exploitation (CCE)

Staff are made aware of the possible indicators of CSE and CCE and the need to refer these concerns to the DSL. All staff have received and been given time to read KCSiE Part One and have access to Annex B: Further information. Any concerns will be referred to the SaPH in order that the LA can consider this information in line with the Effective Support Guidance.

County Lines

Staff are aware that the exploitation of children to be used to carry drugs and money from urban to suburban, rural, market and seaside towns is a growing problem and that the East Riding is an area that may be targeted.

Where there are concerns in relation to any type of potential exploitation of children, school will consider completing a Risk Indicator Tool - [RIT Tool](#) – to help assist in profiling concerns and also seek support / advice From the Making a Change Team. Concerns in relation to exploitation will be considered as potential child protection issues and dealt with in line with agreed procedures.

9.6 Honour Based Abuse

So-called 'Honour' Based Abuse (HBA) encompasses incidents or crimes which have been committed to protect or defend the honour of the family and/or the community, including FGM, Forced Marriage, and practices such as Breast Ironing.

All forms of HBA are abuse, regardless of the motivation, and concerns will be responded to as Child Protection concerns and in-line with school and local safeguarding arrangements. Staff will report any concerns about HBA to the DSL (or a deputy) who will consider a contact to SaPH. If there is an immediate threat or risk of abuse, the Police will be contacted via 999

9.7 Female Genital Mutilation (FGM) and Forced Marriage

All Staff are reminded of the need to be aware of the possibility of such abuse at Early Years, Primary and Secondary school age as outlined in Annex A of KCSiE 2023 and that they have a statutory duty and responsibility to report concerns related to FGM.

The following reporting procedures in line with ERSCB / Humberside Police agreed arrangements should be followed in case of possible or disclosed FGM. However if there is a suspicion that a girl is at immediate risk of such abuse police should be contacted via 999.

Reporting Concerns

- a) If a member of staff **suspects** that a girl has suffered or may be at risk of suffering FGM or subject to Forced Marriage, they must discuss these concerns with the DSL immediately. The DSL will follow ERSCP procedures and contact the SaPH by phone. If the child is believed to be at immediate risk the Police should be contacted on 999.
- b) The DSL or Teacher will follow advice from the SaPH before discussing such concerns with parents or carers.
- c) If a member of staff **discovers from** the victim, or peer, other source or physical evidence (which is highly unlikely for a member of school staff) that FGM has taken place the DSL must be informed immediately and should contact the Police and then the SaPH.

In this case if the member of staff is a teacher (or employed to carry out teaching duties) the referral to Police and the SaPH will be made by this teacher with the guidance and support of the DSL. For other staff such a referral will be made by the DSL but this will need to identify the member of staff and the information they have reported.

(This is in line with the legal responsibilities placed upon schools in respect of reporting procedure)

The written request for service should be made immediately

- d) If the DSL or Deputy DSL is not available within this timescale the member of staff should contact SaPH and update the DSL.
- e) A written "Request for Service" form should be forwarded to SaPH in line with ERSCP safeguarding procedures.

Minimum Age for Marriage

Staff are aware of the law change that came into force in February 2023. This made it a crime to carry out any conduct whose purpose is to cause a child to marry before their eighteenth birthday, even if violence, threats or another form of coercion are not used. As with the existing forced marriage law, this applies to non-binding, unofficial 'marriages' as well as legal marriages.

9.8 Possible Violent Extremist Radicalisation and Hate Incidents

We are aware of our duty under section 26 of the Counter-Terrorism and Security Act 2015 and associated guidance - [2023 Prevent Duty Guidance](#) - to have "due regard to the need to prevent people from being drawn into terrorism", also known as the Prevent Duty and the specific obligations placed upon us as an education provider, regarding risk assessments, working in partnership, staff training, and IT policies.

Staff are made aware that children are susceptible to extremist ideology and radicalisation and staff will be alerted to changes in children's behaviour which could indicate that they may be in need of help or protection. Concerns about the possible radicalisation of, or influence on children by violent extremist political or religious groups should be referred to the DSL.

If it is felt that there are concerns about possible radicalisation to encourage violent extremism, including online, or concerns about the behaviour of parents or other family members, a referral will be made to the Police - [Police](#) - and Local Authority - [ERYC Prevent](#)

If there is an immediate concern of risk or emergency, the school will call 999.

The National Prevent referral form and instructions can be found on the ERSCP web site - [Prevent referral form](#)

This will not prevent or delay the school in following our own internal disciplinary procedures in such cases.

The RSE / RSHE curriculum will ensure that issues such as tolerance, respect, democracy, and individual liberty are covered in age-appropriate ways.

The school ensures that potentially controversial issues are discussed and covered within the curriculum and that these are not avoided but dealt with appropriately within the planned and informal curriculum.

Following an assessment of the levels of risk within the school and wider community, appropriate levels of training will be given to DSL, senior staff, and other staff.

Visiting speakers and organisations will be checked to assess the suitability in respect of the above elements of RSHE / RSE activities within school.

9.9 Serious Violence

All staff are aware of the indicators or signs and symptoms that a child may be at risk or have suffered serious violence or be involved in such behaviour possibly related to gang type activities or criminal exploitation. Any concerns regarding serious violence will be reported and responded to in-line with other child protection concerns by speaking with the DSL or DDSL. The initial response to child victims is important and staff will take any allegations seriously and work in ways that support children and keep them safe.

9.10 Private Fostering and Direct Payments

If the school is made aware that a child under the age of 16 (under 18 if disabled), is or may be cared for by someone who is not their parent or a 'close relative'*; in a private arrangement made between a parent and a carer for 28 days or more, or where the placement is likely to be more than 28 days, a request for service to the SaPH will be made.

*(Close relatives are defined as step-parents, grandparents, brothers, sisters, uncles or aunts (whether of full blood, half blood or marriage/affinity))

If we are made aware that a direct payments worker is engaged by parents for overnight supervision of children SaPH will be notified if the school has concerns about such arrangements.

9.11 Domestic Abuse

The school is involved in the Humberside Police /LA Domestic Abuse Operation Encompass alert system - [Operation Encompass](#) - and supports children appropriately when alerts are received. All staff are aware of the need to be alert to the possible indicators of Domestic Abuse including coercive control and refer concerns to the DSL.

Staff understand that domestic abuse can encompass a wide range of behaviours and may be a single incident or a pattern of incidents. That abuse can be, but is not limited to, psychological, physical, sexual, financial, or emotional abuse. Children can be victims of domestic abuse and may see, hear, or experience the effects of abuse at home and/or suffer domestic abuse in their own intimate relationships (teenage relationship abuse). Domestic abuse can have a detrimental and long-term impact on children's health, well-being, development, and ability to learn.

If staff are concerned that a child may be at risk of seeing, hearing, or experiencing domestic abuse in their home or in their own intimate relationships, immediate action should be taken by speaking to the DSL (or DDSL).

9.12 Mental Health and Emotional Well-being

All concerns in relation to student Mental Health and Emotional Well-Being will be shared promptly with the DSL or DDSL.

Staff recognise that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation and are aware that children's experiences, for example where children have suffered abuse and neglect, or other potentially traumatic Adverse Childhood Experiences (ACE), can impact on their mental health, behaviour, and education.

The school will arrange support for children with Emotional & Mental Health issues by accessing universal services. If additional support is needed, advice and support will be requested at the Early Help or Specialist level in-line with the 'LA Effective Support' model. The DSL will contribute to school planning to provide appropriate support structures in this area.

9.13 Nude and/or Semi-Nude Image Sharing by Children

The school recognises that consensual and non-consensual sharing of nudes and semi-nude images and/or videos (also known as youth produced/involved sexual imagery or "sexting") can be a safeguarding issue; all concerns will be reported to and dealt with by the DSL (or deputy).

DSLs will respond to concerns in-line with the non-statutory UKCIS guidance: *'Sharing nudes and semi-nudes: advice for education settings working with children and young people. Responding to incidents an safeguarding children and young people'* (UKCIS Feb 2024) and *'Sharing nudes and semi-nudes: advice for education settings working with children and young people'* (DfSIT, March 2024). The local Effective Support Guidance will also be used as a point of reference. When made aware of a concern involving consensual and non-consensual sharing of nudes and semi-nude images and/or videos:

The DSL will hold an initial review meeting to explore the context and ensure appropriate and proportionate safeguarding action is taken in the best interests of any child involved. This may mean speaking with relevant staff and the children involved as appropriate.

Parents/carers will be informed at an early stage and be involved in the process to best support children, unless there is good reason to believe that involving them would put a child at risk of harm. All decisions and action taken will be recorded in-line with our child protection procedures.

A contact will be made to SaPH and/or the Police immediately if:

- the incident involves an adult (over 18)
- there is reason to believe that a child has been coerced, blackmailed, or groomed, or there are concerns about their capacity to consent, for example, age of the child or they have special educational needs
- the image/videos involve sexual acts and a child under the age of thirteen, depict sexual acts which are unusual for the child's developmental stage, or are violent
- a child is at immediate risk of harm owing to the sharing of nudes and semi-nudes.

The DSL may choose to involve other agencies at any time if further information/concerns are disclosed at a later date.

Staff are advised when they have identified concerns involving consensual and non-consensual sharing of nudes and semi-nude images and/or videos by children:

- to report any concerns to the DSL immediately
- never to view, copy, print, share, forward, store or save the imagery, or ask a child to share or download it – this may be illegal. If staff have already inadvertently viewed imagery, this will be immediately reported to the DSL
- not to delete the imagery or ask the child to delete it
- to avoid saying or doing anything to blame or shame any children involved
- reassure the child(ren) involved and explain that the DSL will be informed so they can receive appropriate support and help. Do not promise confidentiality, as other agencies may need to be informed and be involved
- not to investigate or ask the child(ren) involved to disclose information regarding the imagery.

To not share information about the incident with other members of staff, children/young people, or parents/carers, including the families and child(ren) involved in the incident; this is the responsibility of the DSL.

10.1 Supporting Vulnerable Children and those Potentially at Greater Risk of Harm

Children may be vulnerable because, for example, they have additional or Special Educational Needs, are Looked After, have experienced or are experiencing a form of neglect, abuse, exploitation or complex or adverse family circumstances. This can include frequently missing/goes missing from education, home or care, has experienced multiple suspensions, is at risk of being permanently excluded from school or are in Alternative Provision. We will seek to provide such children with the necessary support and to build their self-esteem and confidence.

Staff in contact with such children will be made appropriately aware of the child's needs and circumstances in order to maximise the effectiveness of support. Information from the DSL or other pastoral staff will inform the development of support in respect of attendance, learning, behaviour and mental & emotional health.

10.2 Children with a Social Worker

Advice and guidance is available from the VCET – Strategic Lead for the Education of Children with a Social Worker. Due regard is by the school to the non-statutory DfE guidance, *'Promoting the education of children with a social worker and children in kinship care arrangements: virtual school head role extension'* (DfE March 2024)

The DSL will maintain records and details of children who have a Social Worker and Children in Kinship care and where possible, where there has been previous involvement of a Social Worker. The DSL will liaise with staff as appropriate to ensure relevant information is shared and that there is a consistency of approach and support.

In turn, this will inform support and decision making to promote positive outcomes spanning attainment and progress as well as pastoral and safeguarding considerations (for example, responding to attendance concerns and provision of pastoral and/or academic support).

The DSL will ensure that the allocated Social Worker is kept informed, as appropriate, of any concerns / significant events and will support the work of partner agencies and Social Workers.

10.3 Children who are LGBTQ+

The fact that a child or a young person may be LGBTQ+ is not in itself an inherent risk factor for harm, however, children who are LGBTQ or are perceived by other children to be LGBTQ+ (whether they are or not) can be targeted by other children or others within the wider community, in person or online.

Furthermore, it is recognised that risks can be compounded where children who are LGBTQ+ lack a trusted adult with whom they can be open. LGBTQ is included within our APEX curriculum and our staff will endeavour to reduce the additional barriers faced and provide a safe space for children to speak out or share any concerns.

This approach is underpinned by the school wide commitment to inclusion and a zero-tolerance approach to any form of child-on-child abuse and prejudicial / discriminatory behaviour(s)

10.4 Looked After Children (LAC) and Previously Looked After Children (PLAC) and in Kinship Care.

The school recognises the common reason for children becoming looked after is because of abuse and/or neglect and a PLAC or child in Kinship Care also potentially remains vulnerable.

The Designated Teacher who supports and promotes the educational achievement of LAC and PLAC, working with VCET to promote educational achievement and positive outcomes, will liaise with the DSL and staff involved with the child, to ensure that support is provided and ensure that the needs identified in the child's Personal Education Plan (PEP) are supported by staff involved with the child.

The DSL will maintain records of the Social Worker and Virtual School personnel in the authority that looks after the child and will communicate and share information as required.

The DSL and Designated Teacher will work together to ensure appropriate staff have the information they need to support this vulnerable cohort and also that staff are aware of, and meet the requirements for, information to be made available for the PEP meeting.

10.5 Elective Home Education (EHE)

Where a parent/carer expresses their intention to remove a child from school with a view to educating at home, the school, will follow LA procedure by informing the LA about the decision. Where the student/child involved has an EHCP, we will assist the LA as required to complete the necessary review of the plan and work closely with parents/carers.

We will work together with and support parents/carers and other key professionals and any organisations / agencies involved to ensure decisions are made in the best interest of the child and that the decision is fully informed.

10.6 Children Absent from Education

Unexplainable and/or persistent absences from education for prolonged periods, can act as a vital warning sign to a range of safeguarding issues including neglect, exploitation, and abuse. It can also be a precursor for children becoming missing from education in the future. A robust response to children absent from education will support the identification of such abuse and may help prevent the risk of children going missing in the future. Relevant statutory guidance will be followed.

We will endeavour to obtain and maintain at least two emergency contact phone numbers for each pupil and make all reasonable efforts to ensure that parents are reminded to update the school on number or contact changes. Parents who have not provided two contact numbers or update school will be contacted and asked to provide the contacts. All such attempts to obtain this information will be recorded.

- If a student is absent from school without contact from parents/carers a text is sent on the first and every subsequent day of absence. If the school has not received notification from parents/carers by the third day of absence, a safe and well check is completed by the Attendance officer. If contact with parents is not made during this home visit, the safeguarding officer is informed.
- The school will only remove children from the register if the statutory grounds for doing so are met and will inform the LA of the intention to do so. In the case of children absent from or missing from education, school will make all reasonable efforts to locate the child/ren as required by the guidance.
- The school will inform the LA EWS if any pupil fails to attend without permission for a continuous period of 10 days or more and will refer children whose attendance has fallen below the agreed level to the EWS.
- If a child who is not open to CSC, that the school has concerns about, does not attend school the school will in accordance with the Effective Support guidance consult with or place a request for service with SaPH, the EWS and / or the police depending on the circumstances.
- The school will ensure that they know the attendance of any children educated off site. The school has an agreed process in place with its alternative provisions for first day absence calling. The school retains responsibility for the attendance of any child attending an offsite provision and will monitor and act as required.
- The school also works with the EWS in relation to the monitoring of potential Pupils Missing Out on Education

If a child absconds from the site the school will make an initial search and contact the parent / carer or other emergency contact (**and Social Worker if open to CSC**). If after that search the child is not located the school will contact the police within 20 minutes of the alert.

In line with the above arrangements, the school will ensure that they know and monitor the attendance of any children education off site in alternative provision. The school retains overall responsibility for the safeguarding, attendance, progress and outcomes of any child attending an alternative provision site, including that safer recruitment/appropriate safeguarding checks have been completed on staff working in the setting.

10.7 Children with Special Educational Needs or Disabilities (SEND)

Staff are reminded that Children with SEN, disabilities, communication, or behaviour problems are at greater risk of abuse, neglect and bullying than other children. They may not be identified as being at risk of harm as indicators of possible abuse such as behaviour, mood, and injury may be assumed to be related to disability or SEN rather than possible abuse, neglect or bullying and communication of abuse may be difficult. Staff specifically supporting such children and other staff will be alert to these factors

As such, all members of staff are encouraged to appropriately explore potential indicators of abuse such as behaviour, mood changes or injuries and not to assume that they are related to the child's disability. Staff will be mindful that children with SEND or certain medical conditions may be disproportionately impacted by behaviour's such as bullying, without outwardly showing any signs.

To address these additional challenges, ongoing consideration will be given on a case-by-case basis, as to whether additional pastoral support and attention for children with SEND is needed. Where necessary, this may involve a review of an Education and Health Care Plan.

The DSL will work closely with the SENDCo to plan support as required.

The school has robust intimate/personal care policies which ensure that the health, safety, independence, and welfare of children is promoted, and their dignity and privacy are respected. Arrangements for intimate and personal care are open and transparent and accompanied by robust recording systems.

11. Training

11.1 All staff

The DSL takes the lead role in overseeing staff training, including Online Safety and Filtering and Monitoring, ensuring this is at the appropriate level, recorded and refreshed, cascading information and updating all staff on safeguarding issues that require ongoing vigilance.

All staff (teaching and non-teaching) are reminded of the policy and procedures at the start of each school year and receive regular and topical updates as appropriate through the school year. Staff joining the school midyear receive this as part of their induction.

As part of this, all staff will receive annual training / briefing about, and have time allocated to read and the opportunity to seek advice or clarification about the current:

- KCSiE 2025 – Part One or Annex A (depending upon the role and if they do or do not work directly with children)
- Staff Code of Conduct
- Whistleblowing Guidance
- Strategic Child Protection & Safeguarding Policy
- Staff Reference Guide Child Protection and Safeguarding Policy
- Behaviour & Attendance policies - and understand the safeguarding context of both.

This training will also cover:

- The role and identity of the DSL, DDSL & DSG and any other staff who have a safeguarding role / responsibility.
- Briefing on range of safeguarding issues to be aware of (as identified in Part 1 and Annex B of KCSiE, 2025), internal safeguarding procedures and expectations
- Where key documents and guidance can be accessed.

All staff are provided with the documents listed below at the start of the academic year or on induction and they are made available in the policies section of the school network:

- KCSiE 2025 (Full guidance)
- School Strategic Child Protection & Safeguarding Policy.
- What to do if you are worried a child is being abused.
- Working Together to Safeguard Children (2023).

All staff engaged in 'regulated activity' (e.g. teaching and teaching assistant and pastoral staff) and the CoG and DSG complete online training 'Safeguarding in Education', which includes a section on FSM and an on line training session on Prevent. Refresher training is completed every 3 years thereafter.

Other staff and Governors complete either the online training 'Safeguarding Level 1' or Safeguarding in Education and complete refresher training every 3 years thereafter.

The DSL will ensure that all staff receive online safety training as part of induction and that ongoing online safety training and update for all staff will be integrated, aligned and considered as part of our overarching safeguarding approach and curriculum planning.

The DSL will ensure that appropriate staff complete online Prevent and FGM training.

Other short term or visiting staff and volunteers are made aware of the key safeguarding staff and internal Safeguarding reporting procedures within the school.

11.2 DSL and DDSL training

Due to the significance of these roles in maintaining effective safeguarding practice and procedures, the DSL and DDSL require additional training, skills and knowledge that spans the range of safeguarding concerns that may need to be addressed.

Over and above annual inset staff safeguarding briefing, the DSL and DDSL where applicable, will also ensure that staff receive regular safeguarding and child protection updates (for example, via email, e-bulletins, staff meeting etc.) to provide them with the skills and knowledge to safeguard children effectively.

The DSL and DDSL where appropriate, have access to a suite of training courses that is a mix of e-learning, facilitated online training and face-to-face training. This training will be regularly reviewed and enhanced by other ERSCP training on topics relevant to the school's specific needs.

The DSL may nominate staff members to train and take a particular lead in areas of safeguarding practice, such as Domestic Abuse, FGM etc.

The DSL and Headteacher will provide an annual report to the governing body/proprietor detailing safeguarding training undertaken by all staff and will maintain an up-to-date record of who has been trained and in what, ensuring that training is 'refreshed' as required.

The DSL will ensure that there is an up-to-date record of staff training.

12. Online Safety and Filtering and Monitoring

The importance of safeguarding children from potentially harmful and inappropriate online material is recognised and understood, along with the fact that technology is a significant component in many safeguarding and wellbeing issues.

To address this and in light of the 4 categories of risk outlined below, we will adopt a whole school approach involving a number of measures and approaches with the aim of:

- Having robust processes (including filtering and monitoring systems) in place to ensure the online safety of pupils, staff, volunteers and governors
- Protecting and educating the whole school community in safe and responsible use of technology, including mobile and smart technology
- Setting clear guidelines for the use of mobile phones for the whole school community
- Establishing clear mechanisms to identify, intervene in and escalate any incidents or concerns, where appropriate

The approach to online safety is based on addressing the following 4 categories of Risk:

- **Content** – being exposed to illegal, inappropriate or harmful content, such as pornography, fake news, racism, misogyny, self-harm, suicide, antisemitism, radicalisation and extremism
- **Contact** – being subjected to harmful online interaction with other users, such as peer-to-peer pressure, commercial advertising and adults posing as children or young adults with the intention to groom or exploit them for sexual, criminal, financial or other purposes
- **Conduct** – personal online behaviour that increases the likelihood of, or causes, harm, such as making, sending and receiving explicit images (e.g. consensual and non-consensual sharing of nudes and semi-nudes and/or pornography), sharing other explicit images and online bullying; and
- **Commerce** – risks such as online gambling, inappropriate advertising, phishing and/or financial scams

KCSiE 2025, outlines the need for staff and Governors to receive training covering online safety (including Filtering and Monitoring). The Governing Body will retain strategic oversight of this and ensure that appropriate processes and procedures are established and maintained.

The Governing Body will

- Ensure that the school has appropriate and effective filtering and monitoring systems in place

- Ensure the DSL takes lead responsibility for understanding the filtering and monitoring systems in place as part of their role
- Ensure that all staff undergo safeguarding and child protection training, including online safety and that such training is regularly updated and is in line with advice from the safeguarding partners
- Ensure staff understand their, roles and responsibilities around filtering and monitoring

In relation to filtering and monitoring, we will adhere to DfE filtering and monitoring standards on school devices and school networks, and in so doing will:

- identify and assign roles and responsibilities to manage filtering and monitoring systems
- review filtering and monitoring provision at least annually
- block harmful and inappropriate content without unreasonably impacting teaching and learning
- have effective monitoring strategies in place that meet their safeguarding needs

The school have established mechanisms to identify, intervene in, and escalate any concerns where appropriate.

Filtering breaches or concerns identified through internal monitoring will be recorded and reported to the DSL, who will review and respond as appropriate.

The DSL will respond to online safety concerns in line with Safeguarding / Child Protection and any other associated policies, including our Anti-bullying Policy and Behaviour Policy.

The school uses a wide range of devices and technology systems to facilitate internal and external communication, teaching and information storage. The school Acceptable User Policy underpin the operation of all school owned devices and systems along with safety and security measures in place.

All communication with pupils/students and parents/carers will take place using School/College provided or approved communication channels; for example, School/College provided email accounts and phone numbers and/or agreed systems: Microsoft 365 or equivalent etc. Any pre-existing relationships or situations which mean this cannot be complied with will be discussed with the DSL.

Any access to materials believed to be illegal will be considered as a safeguarding issue and appropriate action taken to address concerns

Artificial intelligence (AI)

It is recognised that generative AI has many uses, including enhancing teaching and learning, and in helping to protect and safeguard pupils. However, AI may also have the potential to facilitate abuse (e.g. bullying and grooming) and/or expose pupils to harmful content. For example, in the form of 'deepfakes', where AI is used to create images, audio or video hoaxes that look real.

Any misuse of AI to access harmful content, bully pupils or behave inappropriately in terms of school behaviour expectations will be considered as a safeguarding concern and alongside other school policies.

Safety is our main priority when deciding whether to use generative AI. Any use of generative AI by staff and pupils will be carefully considered and assessed, evaluating the benefits and risks of use. The use of AI will be in line with the appropriate DfE guidance and policy for AI including

DfE (2025) '*Generative artificial intelligence (AI) in education*' - [Generative AI in education](#)

DfE (2025) '*Using AI in education settings: support materials*' - [AI education support materials](#)

DfE (2025) Using '*AI in education: support for school and college leaders*' - [AI support for leaders](#)

13. Reasonable Force

There may be circumstances when it is appropriate for staff to use reasonable force in order to safeguard children from harm. Any physical interventions and/or use of reasonable force will be in line with our agreed policy and procedures, and national guidance. Further information regarding our approach and expectations

can be found in our Physical Intervention Policy and is in line with the DfE '*Use of reasonable force in schools*' guidance, along with further information contained in Part 2 of KCSiE 2025.

Staff will ensure that the school policy on physical intervention is followed.

All incidents requiring such action will be logged with the Headteacher or appropriate senior manager, and parents informed on the same day.

Incident reports by all staff involved or witnessing the incident will be completed as soon as possible after the incident on the same day, unless in exceptional circumstances.

Staff must only use physical intervention as a last resort to protect the safety of children or adults after appropriate de-escalation strategies have been used or in the event of serious situations where this is not possible. The decision to use reasonable force will be based on professional judgement and depend on individual circumstances and dynamic risk assessment.

If required, we plan positive behaviour plans for individual children, agreeing them with parents and training appropriate staff and thereby attempt to reduce the need for reasonable force.

Restorative methods will be considered after each such incident and the pupil's views on the incident sought. Support will be offered to staff involved and incidents will be reviewed by senior staff not involved directly and any aspect that could be improved or avoided in future will inform the planning process

14. Safer Recruitment and Staff Vetting

The school complies fully with Statutory Guidance KCSiE 2025 'Part Three: Safer recruitment' and the ERYC Safer Recruitment (or other HR Provider) supporting guidance, in relation to adverts (including advising applicants that shortlisted candidates will be subject to online checks), application process, shortlisting, related reference seeking and consideration of standardised online checks on candidates at the shortlisting stage, employment history, selection and pre-appointment vetting checks, regulated activity and recording information.

The school ensures that DBS checks on all staff, Governors and volunteers who are engaged in Regulated Activity are carried out as required by the Statutory Guidance (as per KCSiE 2025). This includes a check with the children's barred list and would alert the school to any Secretary of State section 128 direction. All other required pre-employment vetting as outlined in KCSiE will be completed.

The school also ensures that for all other staff (e.g. contractors) who may have regular contact with children, who are not engaging in regulated activity, the appropriate level of DBS checks are either carried out or confirmation of such checks are completed.

An accurate Single Central Record (SCR) is maintained in line with statutory guidance.

The Head and at least one Governor complete the appropriate Safer Recruitment training which is recommended should be updated every 3 years. All appointment panels will have at least one member who has completed this training in the last 3 years.

All staff that are covered by the:

'Disqualification under the Childcare Act 2006 Statutory guidance for local authorities, maintained schools, academies and free schools Aug 2018' and are aware of their responsibilities to disclose any possible matters that need to be considered under this act. If such disclosures are made, the Headteacher will seek advice from the [central Trust HR team or Trust Safeguarding Lead](#) who will liaise with the LADO.

If other organisations provide services or activities on our site, on our behalf, including Agency Supply staff, we will obtain written assurances that these organisations have appropriate safeguarding, safer recruitment, and vetting procedures in place.

Where a pupil/student is placed in an alternative provision provider, the school will continue to be responsible for the safeguarding of that child. Appropriate checks will be undertaken to ensure the provider meets the needs of the pupil/student, including written confirmation that appropriate safeguarding checks have been carried out on individuals working at the establishment.

See Sections 19 and 20 for further guidance on contractors, visitors etc.

15. Safe and Appropriate working

All staff are made aware and regularly reminded:

- That they are in a Position of Trust and what the implications of that are
- Of the requirements of the school Code of Conduct and related policies
- If at any time staff are concerned that an action or comment made may be misinterpreted or that a child behaves or makes a comment in a way that causes concern in this respect, they should the log your concerns immediately with the appropriate senior member of staff and seek advice
- That failure to adhere to the Code of Conduct including carrying out their safeguarding responsibilities may result in disciplinary action against them and in some cases allegations of inappropriate or abusive behaviour and Child Protection investigation
- That their conduct towards pupils must remain beyond reasonable reproach
- That any sexual 'relationship' consensual or otherwise with pupils up to 18 would constitute a criminal offence. Any such behaviour with pupils 18 or over would be regarded as a serious disciplinary matter.

16. Allegations against staff, including supply teachers, volunteers and contractors and whistle blowing

16.1 Concerns that meet the 'Harm Threshold'

KCSiE, 2025, Part 4, outlines the 'Harm Threshold' –

- behaved in a way that has harmed a child, or may have harmed a child, and/or
- possibly committed a criminal offence against or related to a child, and/or
- behaved towards a child or children in a way that indicates he or she may pose a risk of harm to children, and/or
- behaved or may have behaved in a way that indicates they may not be suitable to work with children.

In terms of the 'Harm Threshold', staff are aware that an allegation may be made in respect of behaviour that: may have harmed a child, involve a crime, is inappropriate behaviour towards a child either in their professional or private life or behaviour in their private life or the community not involving a child, but that may suggest that they could present a risk to children.

All staff have access to:

- a. The School Whistle Blowing policy.
- b. Statutory Guidance – Allegations made against/Concerns raised in relation to teachers, including supply teachers, other staff, volunteers and contractors (Part Four KCSiE 2025).
- c. Contact details of the Chair of Governors and LADO.
- d. The school Code of Conduct

All staff are made aware of their responsibilities and procedure to follow in the strictest confidence.

However it must be appreciated that in the case of a Whistle Blowing situation an investigation process may reveal the source of the information and a statement by the referrer might be required.

All staff are made aware that if they receive an allegation of inappropriate or abusive behaviour about a colleague, or feel required to make such an allegation, they should pass the information, without delay, to the Headteacher.

If the allegation concerns the Headteacher the referrer should contact the CEO, Chair of Governors or the LADO immediately. **It is unacceptable for any member of staff not to refer such concerns.**

The Headteacher (CEO or CoG) will, on the same day, contact the LADO and follow the statutory guidance Keeping Children Safe in Education 2025 Part 4.

All involved will attempt to ensure that any allegation is dealt with fairly, quickly, proportionately and consistently in a way that provides effective protection for the child and at the same time supports the person who is subject to the allegation.

If the member of staff feels that that the actions taken are inappropriate, ineffective or that the situation of concern is continuing they should raise concerns with the Headteacher and press for reconsideration or discussion.

If the concern persists and they feel the situation is urgent they can refer to Children's Social Care or the LADO.

16.2 Low Level Concerns

The school may also need to take action in response to 'low-level' concerns about staff. Examples of such behaviour could include (KCSiE, 2025), but are not limited to:

- being over friendly with children
- having favourites
- taking photographs of children on their mobile phone, contrary to school policy
- engaging with a child on a one-to-one basis in a secluded area or behind a closed door
- humiliating pupils.

The school has an open and transparent culture in which all concerns about all adults working in or on behalf of the School are dealt with promptly and appropriately; this enables us to identify inappropriate, problematic or concerning behaviour early, minimise the risk of abuse and ensure that adults working in or on behalf of the School are clear about and act within appropriate professional boundaries, and in accordance with our ethos and values.

A 'Low-Level' concern does not mean that it is insignificant; a low-level concern is any concern that an adult working in or on behalf of the School may have acted in a way that is inconsistent with expectations and the Staff Code of Conduct, including inappropriate conduct outside of work and does not meet the 'harm threshold' or is otherwise not serious enough to consider a referral to the LADO.

It is crucial that all low-level concerns are shared responsibly, recorded and dealt with appropriately to protect staff from becoming the subject of potential false low-level concerns or misunderstandings.

All low-level concerns should be shared with the Headteacher as soon as possible. The Headteacher may wish to consult with the DSL and take a more collaborative decision-making approach.

The Headteacher is the ultimate decision maker in respect of the response to all low-level concerns and if deemed appropriate, will share concerns and liaise with the LADO to clarify if the Harm Threshold has been met or if the matter can be dealt with as a low-level concern.

Low-level concerns shared about supply staff and contractors will be shared with their employers so any potential patterns of inappropriate behaviour can be identified.

Low-level concerns will be recorded in writing and reviewed so potential patterns of concerning, problematic or inappropriate behaviour can be identified.

Records will be kept confidential and will be held securely and retained and in compliance with the Data Protection Act 2018 and the UK General Data Protection Regulation (UK GDPR) and other relevant policies and procedures (for example data retention policies).

Where a pattern is identified, the School will implement appropriate action, for example consulting with the LADO enquiry line and following appropriate disciplinary procedures.

17 Use of Premises by Other Organisations

Where services or activities are provided separately by another body using the School facilities/premises, the Headteacher and Governing Body will seek written assurance that the organisation concerned has appropriate policies and procedures in place regarding safeguarding children and child protection, and that relevant safeguarding checks have been made in respect of staff and volunteers. If this assurance is not achieved, an application to use premises will be refused.

The school will refer to the guidance (DfE, Updated May 2025) '[Out-of-school settings: safeguarding guidance for providers](#)' - [Out-of-school settings: safeguarding guidance for providers](#) to inform the safeguarding arrangements that these providers are expected to have in place and will monitor and oversee arrangements, practice and communication in light of this.

Safeguarding requirements will be included in any transfer of control agreement (such as a lease or hire agreement), as a condition of use and occupation of the premises. Failure to comply with this will lead to termination of the agreement.

This applies regardless of whether or not the children who attend any of these services or activities are children on the school roll.

There is a clear expectation that external providers will liaise with school on safeguarding matters where appropriate. In the event of any safeguarding allegations being received when an individual or organization is

using school premises, local safeguarding policies and procedures will be followed, including the involvement of the LADO.

18. Extended School and Offsite provision and Educational / Residential Visits

Where extended school activities are provided and managed by the school, our own Child Protection and Safeguarding policy and procedures will apply.

When pupils attend off-site activities and provision including day, residential, work related learning placements and other alternative provision we will ensure that we obtain the same written assurances.

We will ensure that attendance at alternative or off site provision for pupils that remain on the school roll is monitored in the same way as other pupils.

If vulnerable pupils or pupils that may present a level of risk to them or others are allocated alternative or other off site provision the school will discuss these issues with the provider to ensure that appropriate safeguarding measures and liaison between settings is effective.

In the same way the DSL will discuss such concerns with Educational Visits Coordinators and visit leaders at the visit planning stage.

The school will follow the appropriate ERYs (or equivalent) planning and Risk assessment procedures for all educational visits and activities.

19. Volunteers

School will undertake a risk assessment informed by professional judgement when deciding whether or not to obtain an enhanced DBS certificate for any volunteer not involved in regulated activity as outlined in part 3 of Keeping Children Safe in Education 2025. This is due to the potential for unplanned and unsupervised activity taking place.

If it is decided that in certain circumstances that a DBS check is not required for specific events or volunteers the volunteers and supervising staff are made fully aware of the expectations and responsibilities involved in such arrangements to ensure that there are no situations where such volunteers are in unsupervised contact with children.

20. Visitors, Supply and Agency Staff and Contractors

The school will ensure that any of the above when working on site will be subject to the appropriate level of DBS check and have the related level supervision, as set out in KCSiE 2025.

Any of the above engaging in Regulated Activity will be subject to an Enhanced DBS check (including children's barred list information). This will be obtained, either directly by the school as required, or will be confirmed as such through checks and written assurance from the supplier organization (which will also confirm that appropriate safeguarding, safer recruitment and DBS / vetting procedures are in place). The school's central administration team maintain an approved visitor list with supporting confirmation documentation from external organisations. A copy of the compliance letter template is contained in Appendix M.

If not engaged in regulated activity the school will ensure that appropriate supervision is in place and consider whether a DBS check is required, in line with the nature of the activity and any contact with children.

Visitors to the school including contractors and volunteers are asked to sign in and are given a badge to confirm that they have permission to be on site. School Admin will always check the identity of contractors and their staff on arrival at the school by inspecting photo ID.

The Education Alliance has a preferred Supplier List for Agency Staff and only approved preferred suppliers are used. This preferred supplier list is reviewed annually to ensure supply agencies carry out appropriate checks to ensure full compliance with the following: identity, enhanced DBS, all appropriate checks, suitability to work, Modern Slavery Act and training.

If Supply Staff are engaged directly by the school the appropriate checks must be carried out by the school in line with the Education Alliance's Recruitment and Selection Policy and Procedure.

The school will follow KCSiE 2025 statutory Guidance part three in such cases (see flowchart at Pt. 14 of this Policy).

The Single Central Record is maintained to ensure that all appropriate staff, volunteers, Governors, agency and contracted staff in Regulated Activity are entered on it.

21. Site Security Health and Safety and Emergency Procedures

There is a school specific Health and Safety policy in place.

Daily visual site inspections are carried out before school.

Termly Health and Safety inspections are carried out.

Annual Governors Health and Safety and environmental audits and inspections are carried out.

All staff are aware of their responsibilities for procedures for reporting Health and Safety concerns and there is a clear system for staff and pupils to report and log Health and Safety concern.

LA generic Health and Safety Risk Assessments 'On Site Security' and 'Managing Violence and Aggression' are adapted and used as appropriate.

Fire practices are held regularly at varying times of day and week and any deficiencies corrected

Communication systems are in place and understood by all staff and volunteers to ensure appropriate and safe responses in the event of critical incidents.

This includes:

- the need to evacuate in the event of a bomb scare or fire.
- or the need to initiate a complete or partial 'lock down'.

Any individual who is not known or identifiable on site should be challenged for clarification and reassurance. Students are aware of how to identify unauthorised persons and to seek the support of a member of staff as soon as possible.

The school will not accept the behaviour of an individual (parent or other) that threatens the security or leads others (children or adults) to feel unsafe. Such behaviour will be treated as a serious concern and may result in a decision to refuse access for that individual to the site.

29. Policy Review

This policy will be reviewed and approved by the Governing Body at least annually, and by exception as required – for example, updated in-line with safeguarding issues as they emerge and any national or local updates etc.

This Policy along with the Staff Reference Guide CP and Safeguarding 2025-26 (as well as other important guidance) will be available to all staff via the school network.

Parents/carers can obtain a copy of the Child Protection & Safeguarding Policy and other related policies on request. Additionally, our policies can be viewed via the school website.

The DSL and Headteacher will ensure regular, termly reporting on safeguarding activity and systems to the Governing Body. The Governing Body will not receive details of individual pupil/student situations or identifying features of families as part of their oversight responsibility.

Review Date: September 2026

APPENDIX A – Categories of Abuse, Neglect and Exploitation

All staff should be aware that abuse, neglect, exploitation and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases multiple issues will overlap with one another.

Abuse: a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. They may be abused by an adult or adults or another child or children. It should be noted that abuse can be carried out both on and offline and be perpetrated by men, women, and children.

Sexual Abuse: involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing, and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Signs that MAY INDICATE Sexual Abuse

- Sudden changes in behaviour and performance
- Displays of affection which are sexual and age inappropriate
- Self-harm, self-mutilation or attempts at suicide
- Alluding to secrets which they cannot reveal
- Tendency to cling or need constant reassurance
- Regression to younger behaviour for example thumb sucking, playing with discarded toys, acting like a baby
- Distrust of familiar adults, for example, anxiety of being left with relatives, a childminder or lodger
- Unexplained gifts or money
- Depression and withdrawal
- Fear of undressing for PE
- Sexually transmitted disease
- Fire setting

Physical Abuse: a form of abuse which may involve hitting, shaking, throwing, poisoning, burning, or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Signs that MAY INDICATE Physical Abuse

- Bruises and abrasions around the face
- Damage or injury around the mouth
- Bi-lateral injuries such as two bruised eyes
- Bruising to soft area of the face such as the cheeks
- Fingertip bruising to the front or back of torso
- Bite marks
- Burns or scalds (unusual patterns and spread of injuries)
- Deep contact burns such as cigarette burns
- Injuries suggesting beatings (strap marks, welts)
- Covering arms and legs even when hot
- Aggressive behaviour or severe temper outbursts.
- Injuries need to be accounted for. Inadequate, inconsistent, or excessively plausible explanations or a delay in seeking treatment should signal concern.

Emotional Abuse: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate,

or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Signs that MAY INDICATE Emotional Abuse

- Over reaction to mistakes
- Lack of self-confidence/esteem
- Sudden speech disorders
- Self-harming
- Eating Disorders
- Extremes of passivity and/or aggression
- Compulsive stealing
- Drug, alcohol, solvent abuse
- Fear of parents being contacted
- Unwillingness or inability to play
- Excessive need for approval, attention, and affection

Neglect: the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing, and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Signs that MAY INDICATE Neglect.

- Constant hunger
- Poor personal hygiene
- Constant tiredness
- Inadequate clothing
- Frequent lateness or non-attendance
- Untreated medical problems
- Poor relationship with peers
- Compulsive stealing and scavenging
- Rocking, hair twisting and thumb sucking
- Running away
- Loss of weight or being constantly underweight
- Low self-esteem

Child Criminal Exploitation (CCE) and Child Sexual Exploitation (CSE)

Different forms of harm often overlap, and that perpetrators may subject children and young people to multiple forms of abuse, such as criminal exploitation (including county lines) and sexual exploitation. In some cases, the exploitation or abuse will be in exchange for something the victim needs or wants (for example, money, gifts, or affection), and/or will be to the financial benefit or other advantage, such as increased status, of the perpetrator or facilitator.

Children can be exploited by adult males or females, as individuals or groups. They may also be exploited by other children, who themselves may be experiencing exploitation – where this is the case, it is important that the child perpetrator is also recognised as a victim.

Whilst the age of the child may be a contributing factor for an imbalance of power, there are a range of other factors that could make a child more vulnerable to exploitation, including, sexual identity, cognitive ability, learning difficulties, communication ability, physical strength, status, and access to economic or other resources.

Some of the following can be indicators of both child criminal and sexual exploitation where children:

- appear with unexplained gifts, money, or new possessions.
- associate with other children involved in exploitation.
- suffer from changes in emotional well-being.
- misuse alcohol and other drugs
- go missing for periods of time or regularly come home late, and
- regularly miss school or education or do not take part in education.

Children who have been exploited will need additional support to help keep them in education.

Child Sexual Exploitation (CSE)

Can be a one-off occurrence or a series of incidents over time and range from opportunistic to complex organised abuse. It can involve force and/or enticement-based methods of compliance and may, or may not, be accompanied by violence or threats of violence.

Some additional specific indicators that may be present in CSE are children who:

- have older boyfriends or girlfriends; and
- suffer from sexually transmitted infections, display sexual behaviours beyond expected sexual development or become pregnant.

Further information on signs of a child's involvement in sexual exploitation is available in

Home Office guidance: Child sexual exploitation: guide for practitioners

County lines

County lines is a term used to describe gangs and organised criminal networks involved in exporting illegal drugs using dedicated mobile phone lines or other form of "deal line". This activity can happen locally as well as across the UK - no specified distance of travel is required. Children and vulnerable adults are exploited to move, store, and sell drugs and money. Offenders will often use coercion, intimidation, violence (including sexual violence) and weapons to ensure compliance of victims. Children can be targeted and recruited into county lines in a number of locations including any type of schools (including special schools), further and higher educational institutions, pupil referral units, children's homes, and care homes.

Children are also increasingly being targeted and recruited online using social media. Children can easily become trapped by this type of exploitation as county lines gangs can manufacture drug debts which need to be worked off or threaten serious violence and kidnap towards victims (and their families) if they attempt to leave the county lines network.

A number of the indicators for CCE and CSE as detailed above may be applicable to where children are involved in county lines. Some additional specific indicators that may be present where a child is criminally exploited through involvement in county lines are children who:

- go missing (from school or home) and are subsequently found in areas away from
- their home
- have been the victim, perpetrator, or alleged perpetrator of serious violence (e.g. knife crime)
- are involved in receiving requests for drugs via a phone line, moving drugs,
- handing over and collecting money for drugs
- are exposed to techniques such as 'plugging', where drugs are concealed.
- internally to avoid detection

- are found in accommodation that they have no connection with, often called a 'trap.
- house or cuckooing' or hotel room where there is drug activity.
- owe a 'debt bond' to their exploiters.
- have their bank accounts used to facilitate drug dealing

APPENDIX B – Responding to Concerns

- React calmly promise CONFIDENTIALITY **not** SECRECY
- Be aware of your non-verbal messages
- Keep responses short, simple, slow and gentle
- Do not stop a child or parent who is talking freely about what has happened
- Observe and listen but only ask open ended questions if you need to clarify but this may be better left to the DSL or others.

The use of 'TED' questioning may be appropriate

Tell me what happened

Explain what you mean

Describe how it made you feel

Or other open ended type questions e.g.

What happened?

Where were you?

When did this happen?

Who was there?

How did it make you feel?

- If you have difficulty in understanding the child or parent's communication method, reassure them that you will find someone who can help.
- Tell the child or parent they have done the right thing by telling you.
- Avoid making comments or judgements about what is shared.
- Tell the child or parent what will happen next, and be honest.
- Make a written note on a 'Record of Concern sheet':
 - What is said
 - What , if any questions you asked and the responses
 - Who is present
 - Anything else that happens after the child discloses
 - Ensure legibility, full dates & clear signature
 - Maintain strict confidentiality

If you see or are shown marks or injuries describe them and record on a body map (Appendix C) and pass the information to the DSL immediately

APPENDIX C

Child Protection Record of Concern

Complete and pass to one of schools CP Coordinators as soon as possible on the same day.

Pupils Name:	Class		Yr:	
	DoB:			
Concern identified by:	Date:		Time:	
Nature of Concern / details shared / other relevant information. <u>Use Body Map (App C) if appropriate</u>				
Continue on reverse if needed				
Passed to:	Received by:	Date:		
Action taken by DSL (or person receiving this form)				
This form to be filed in pupils CP file and noted on CP chronology

APPENDIX D

Example of Advice for Children

If someone is hurting or upsetting you or making you feel scared you, it is not your fault.

You are not alone, there are people who can help you and stop people from making you feel scared or hurt.

You may be frightened of the person hurting you or your friends, but there are things you can do to get help and make it better.

This includes someone who may be frightening you on the Internet or on your mobile

You should:

- Tell someone you trust such as your friends, teachers, parents, grandparents. Other people at school may be able to help.
- Let people help to make things better by stopping the person from hurting you or your friends

You shouldn't:

- Feel embarrassed or alone.
- Feel that it is your fault or that you are to blame for someone hurting, frightening or touching you. Anyone who tells you that is a liar
- Keep it a secret.
- Feel you have no one to turn to – people are there to help

APPENDIX E

Information for parents

At Beverley Minster CE Primary School, we recognise that your child is our responsibility and concern. We want to work in partnership with you, and discuss with you, any concerns we may have or that you may have.

It is a priority to inform and involve you at every stage in your child's time at the school.

Since the first priority is your child's welfare, there may be rare occasions when our concern about your child means that we have to consult other agencies even before we contact you.

The ER Safeguarding Children Board has laid down the procedures we follow, and the school has adopted a Child Protection Policy in line with this for the safety of all.

If you want to know more about our procedures or the policy, please speak to the Designated Safeguarding Lead, Mr Fletcher, the Deputy Safeguarding Leads: Mrs Smalley or Mrs Friston, or Mrs Hancock, who is the Governor with responsibility for Child Protection".

APPENDIX F

Advice if there are concerns about the capacity of parent/carer collecting children

If the school has concerns that a parent, carer, or person authorised to collect a child appears to be:

- drunk
- under the influence of other drugs, whether prescription or not
- behaving in an irrational, aggressive or concerning way

which suggests they are not able to offer safe care to the child or not fit to drive, the school should take appropriate steps to avoid releasing the children to the carer.

Whilst the school cannot legally refuse ultimately to withhold the child, there is a safeguarding and moral responsibility to attempt to clarify the situation and take steps to protect the child as much as possible in such circumstances.

If there is clear evidence or a judgement taken in good faith by staff that if the parent takes charge of the child, it will be at immediate risk of harm:

- 1) Staff concerned will alert senior staff and keep the child separate if possible.
- 2) Staff will talk to the adult and re-assess their ability to keep the child safe.
- 3) Consider contacting other authorised carers.
- 4) If not appropriate or not available and there is a perceived risk, we will explain to the adult that CSC and the police are being contacted for advice and ask s/he to be patient and calm. The child will be supervised elsewhere in school if possible.
- 5) If it is not possible to avoid the adult taking the child and there are concerns for their safety and that of staff and others 999 will be called and the SaPH notified.

APPENDIX G

Safeguarding Children; Information for visitors, supply staff and volunteers.

This school is committed to safeguarding and promoting the welfare of children and expects all staff and volunteers to share this commitment. This means that we have a Child Protection Policy and procedures in place.

All people in the school community have a responsibility to act on any concerns that they have about a child's wellbeing.

If you are concerned about a child's welfare, please record your concerns, and any observations or conversation heard, and report this as soon as possible the same day.

'Record of Concern' forms are available from ACE reception. Complete this form and return to ACE reception.

If the form is not available ensure that the full details are recorded including date, time, child's name, your name and a factual account of what was said or observed.

Do NOT conduct your own investigation. Keep all concerns or information confidential.

You might be concerned if:

- You see an injury.
- Another person may express concerns.
- Something else raises concerns or worries.
- A pupil tells you something.

If a pupil tells you something that needs to be passed on:

- Promise confidentiality not secrecy.
- Reassure the child that they have done the right thing.
- Listen but do not ask leading questions.
- Record and pass on your concerns.

Your help in supporting our safeguarding work is appreciated by the school and most importantly by the children and young people.

EYFS Framework - **Summary of Changes (Delete if not appropriate)**

[EYFS Safeguarding Reforms](#)

[EYFS Framework School](#)

Last year's EYFS consultation has resulted in changes to safeguarding, which will improve children's safety and align with current best practice in early years settings.

From 1st September 2025, all registered early years providers must follow the new EYFS framework for group and school-based providers (there is an additional one for childminders). Section 3 of the framework details the Safeguarding and welfare requirements necessary in the EYFS, but the summary below details the main changes:

- Amendments to promote **safer recruitment**, including: new expectations to provide timely references (3.20), for any member of staff (including students and volunteers) before they are recruited and a requirement for safeguarding policies to include procedures to help ensure that only suitable individuals are recruited.
- New requirements for providers to follow up **if a child is absent for a prolonged period of time** and amendments to ensure providers hold additional emergency contact details. Providers should consider patterns and trends in a child's absences and their personal circumstances, as well as the child's and parent's/carer's vulnerability and their home life. Concerns must be referred to local children's social care services and/or a police welfare check requested. The setting's attendance policy must be shared with parents/carers, with expectations for how absences are reported and the actions the setting will take if the child is absent without notification or for a prolonged period of time.
- There is a new section on **Safer Eating**, which requires that a member of staff, who holds a valid paediatric 1st aid certificate, should be in the room when children are eating. There is also detailed information on pgs. 36 & 37 of the EYFS Framework on special dietary requirements and how these should be handled by settings
- Creation of a **safeguarding training criteria annex** and a requirement for safeguarding policies to include details of how safeguarding training is delivered, including how practitioners are supported to put it into place. Training must be renewed every two years and providers may consider whether any staff need to undertake annual refresher training to help maintain basic skills and keep up to date with any changes to safeguarding procedures or as a result of any safeguarding concerns that occur in the setting
- Amendments to ensure that early years students and trainees are required to have **paediatric first aid (PFA) training** in order for them to be included in ratios at the level below their level of study. Providers must not allow anyone aged under 17 to care for children unsupervised at any time
- New requirements to support **whistleblowing**, which require appropriate procedures in place for all staff (including students & volunteers) to raise concerns about poor or unsafe practice in the setting's safeguarding provision. This must include when and how to report concerns and the process that will be followed after staff have reported concerns.
- An additional point has been added to 3.86 to ensure that **children's privacy** during nappy changing and toileting is considered and balanced with safeguarding

Appendix J - Definitions and Acronyms

AP	Alternative Provision
CAS	Child Assessment Service
CCE	Child Criminal Exploitation
CEDT	Children's Emergency Duty Team
Child	Any pupil under the age of 18 is legally a child
Child Protection	Refers to the multi-agency arrangements to identify and protect children who are, or may be, at risk of Significant Harm
CLA	Child Looked After
CoG	Chair of Governors
CSC	Children's Social Care
CSE	Child Sexual Exploitation
DBS	Disclosure & Barring Service
DDSL	Deputy DSL
DfE	Department for Education
DSG	Designated Safeguarding Governor
DSL	Designated Safeguarding Lead
EHCP	Education, Health and Care Plan
EHPH	Early Help and Partnership Hub
ERSCP	East Riding Safeguarding Children Partnership
EWO/S	Education Welfare Officer/Service
FH	Family Help (Previously Early Help)
GDPR	General Data Protection Regulation
KCSiE 2025	Keeping Children Safe in Education 2025
LADO	Local Authority Designated Officer
MAC	Making a Change Team
NEST	Neglect and Environmental Screening tool
PLAC	Previously Looked After Children
Pupils 18 or over	If there is a concern about the welfare of a pupil aged 18+ DSLs are advised to seek advice in the same way as for children
RIT	Risk Indicator Tool
RSE	Relationship and Sex Education (Primary)
RSHE	Relationship, Sex and Health Education (Secondary)

Safeguarding	Refers to the protection, safety, and promotion of the welfare of all pupils including when in offsite provision or activities and using IT. This includes the building of resilience and awareness of risk through the formal and informal curriculum.
SaPH	Safeguarding and Partnership Hub
Sexual Harassment	Sexual comments, sexual “jokes” or taunting, physical behaviour, online sexual harassment, consensual and non-consensual sharing of nudes and semi-nude’s images and videos, sharing of unwanted explicit content, up-skirting, sexualised online bullying, unwanted sexual comments, and messages (including on social media), sexual exploitation (coercion and threats)
Sexual Violence	Rape, assault by penetration, sexual assault or causing someone to engage in sexual activity without consent
SiET	Safeguarding in Education Team
SLT	Senior Leadership Team
SVSH	Sexual Violence and Sexual Harassment between children in schools and colleges
TAF	Team Around the Family
TAS	Team Around the School
VCET	Vulnerable Children Education Team
