Photograph/Video/Film Consent Form

As a school we sometimes take photographs of pupils. We use these photos to support learning, and to celebrate events for example, in the school newsletter, on the school website. All images and videos taken will be held in line with the school's retention schedule.

How do we use photographs or videos taken of your child?

Group and individual photographs are used for **internal display**, teaching resources, school documents. The child(s) first name and year group, are required, for these photographs.

Photographs of either individuals or group, which are going to be used in the school newsletter or online, again will only have a first name of a child used as required.

For any photographs that will be used in publications e.g. the school prospectus or for use in the media will have a separate consent form stating the exact use of the photograph.

Photographs by parents and other family members are allowed during school events such as school plays, however, we request that you do not post any images on social media that include other children. Please note that disruptive behavior or inappropriate use/sharing of images captured on school property or using school images may result in a limitation of photographs/video being allowed at events.

Please tick all items that you give your consent for:

The use of films and video clips rated U or PG

We like to make use of modern technologies throughout the curriculum and sometimes take the opportunity to use feature films and associated resources for education or enrichment activities. There are occasions when the materials have been classified as U or PG. We ask for your permission to use U or PG rated films that we deem acceptable for the age and maturity of your child.

I am happy for my child to view a U or PG classified film
